### STRUCTURE STABILITY CERTIFICATE

I personally inspected Sachdeva Public School, Maurya Enclave, Pitampura, Delhi on 10.05.2023

There are two block 1 & 2.

Block 1 : Basement , Ground , First & Second floor.

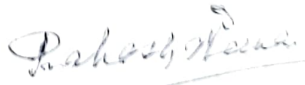

Block 2 : Ground Floor and First Floor.

The building structure has 9" brickwork load bearing wall with RCC components - beams, columns and roof.  
The structure has no cracks and is of good quality.

The structure is presently in good condition and is safe & sound for school purpose.

No structural changes should be done in the complete block structure without the advice & supervision of an engineer.
