Subject: Online Training on “Accessible Digital Resources and Assistive Technologies” from 21-25 November 2022, 4:00-5:00 pm – reg.

Dear Madam/Sir,

As a step towards knowledge sharing and capacity building of teachers, teacher educators and students on Educational Technology (ET) and Information and Communication Technology (ICT) CIET-NCERT started organising webinar and online training/workshops for students, teachers and teacher educators focussing on the use of ET and ICT in Education. For the month of November 2022, a five day training session on “Digital Training and Assistive Technologies” is being conducted from 21-25 November 2022.

This training programme sheds light on the Accessible Digital Content - the Why to How to Where? The sessions include topics ranging from Policies, Needs, and Challenges of Accessible Digital Resources, Principles of UDL to various examples of Accessible Digital Content. Information brochure is attached for ready reference.

All the live sessions under Accessible Digital Resources online training will be telecast live on DTH TV Channels for classes 1 to 12 and simulcast on NCERT OFFICIAL YouTube Channel - <https://www.youtube.com/c/NCERTOFFICIAL> from 21-25 November 2022 at 4:00 pm to 5:00pm.

For detailed instructions on registration, participation, assessment and certification in this online training on “Accessible Digital Resources and Assistive Technologies”, visit the event page by using the link: <https://ciet.nic.in/adrat.php> or scan the QR code to visit the page.

It is requested to share these details with all the stakeholders in the states/ UTs/ autonomous organisations so that the understanding and applicability of accessible digital resources and assistive technologies in the teaching-learning processes can have an enduring impact. The banner attached alongwith (image file for using in social media and PDF file with clickable link for sharing through groups is attached) may also be disseminated through websites/social media posts/ instant messenger groups etc.

We look forward to your support and participation in this week-long online training programme. For any query, contact Dr. Angel Rathnabai, Technical Coordinator, CIET-NCERT at training.helpdesk@ciet.nic.in

With Regards

Yours Sincerely,

(Prof. Amarendra P. Behera)

Online Training on
“Accessible Digital Resources and Assistive Technologies”
Organised by CIET-NCERT

NEP 2020, vision for educational technology recognizes that new technology will change not just what students learn in the classroom but how they learn, therefore the thrust of technological interventions will be for improving teaching learning and evaluation processes, supporting teacher preparation and professional development, enhancing educational access and streamlining educational planning, management, and administration including processes related to admissions, attendance, assessment, etc. To keep up with this vision, CIET-NCERT is organising a 5-day training session on “Digital Training and Assistive Technologies”.

Accessible Digital content becomes an important factor when it comes to the education of Children with Special Needs(CWSN), especially in an inclusive setup. Accessible digital content provides the opportunity to acquire the same information, engage in the same interactions, and enjoy the same services as a person without a disability in an equally effective and equally integrated manner, with substantially equivalent ease of use. A person with a disability must be able to obtain the information as fully, equally, and independently as a person without a disability.

These 5-day sessions shed light on the inside of Accessible Digital Content - the Why to How to Where? The sessions include topics ranging from Policies, Needs, and Challenges of Accessible Digital Resources, Principles of UDL to various examples of Accessible Digital Content.

All the live sessions under Accessible Digital Resources online training will be telecast live on DTH Channels for class 1 to 12 and simulcast on NCERT OFFICIAL YouTube Channel - <https://www.youtube.com/c/NCERTOFFICIAL> from 21-25 November 2022 at 4:00 pm to 5:00pm.
