

The School has recently been recognized as one of the Best Project School by TERI (The Energy and Resources Institute), New Delhi. This recognition has been received for its active engagement in the areas of environmental conservation, preservation of flora and fauna, its initiatives in creating awareness in the community, contributing actively in energy conservation schemes and programmes and participation in the GREEN Olympiad conducted by TERI. Mrs. Mona Rastogi, Principal, congratulated the staff and students for their enthusiastic contribution in preserving our environment emphasizing on the impact that each one of us can have through our small endeavours.
