## CENTRAL BOARD OF SECONDARY EDUCATION

(An Autonomous Organisation Under the Ministry of Education, Govt. of India)

**No.: CBSE/Training/2023**

**Date:** 23 .10.2023

**Circular No. TRG -105 /2023**

**All the Principals/Heads of Schools/Institutions affiliated to CBSE.**

**Subject:** Webinar on “Prevention of Road Accidents among Adolescents” – reg.

As per a UNICEF report published in Nov. 2022, nearly 220,000 children and adolescents aged 0–19 years die annually due to road traffic injuries, worldwide. That is more than 600 deaths among children and young people each day – or a death almost every two minutes.

Unsafe vehicles, speed, drunken driving, road rage and distraction from hand-held devices among pedestrians and drivers and other such violations of traffic rules are major risk factors of these accidents. Lack of safe, independent mobility spaces for children is another factor leading to traffic injuries among children.

Mitigating strategies like legislation, regulation and enforcement, educational interventions, implementing good practices and post-accident response like recovery and trauma care are major road safety measures.

Schools and parents can play a key role in raising awareness about the risk factors of road accidents and draw attention to preventing strategies and support for adolescents by providing road safety education. Parents can be the ‘Road Safety Role Models’ and become the primary trainers in road safety skills for their children.

To raise awareness about the magnitude, impact and risk factors of child and adolescent road traffic injuries and draw attention to its preventability and share intervention strategies and support, CBSE is organizing a webinar for teachers, students, parents as per the following details:

**Topic** : “Prevention of Road Accidents among Adolescents”  
**Date** : 26.10.2023  
**Time** : 03.30 PM – 05.00 PM  
**Mode** : Online/ Live Streaming  
**Speaker** : Dr. Gautham Melur Sukumar  
Deptt. of Epidemiology  
National Institute of Mental Health and Neuroscience  
Bengaluru

This programme will be live streamed through YouTube Channel of Training Unit, CBSE.
