

स्कूली छात्रों के अभिभावकों के लिए दिशानिर्देश

- बच्चों की स्कूल तक की व स्कूल से वापिस घर तक की सुरक्षित आवाजाही की जिम्मेदारी माता-पिता की है।
- माता-पिता यह सुनिश्चित कर लें कि स्कूल द्वारा व्यवस्थित किया गया परिवहन का साधन पूर्ण रूप से सुरक्षित है।
- माता-पिता को जागरूक होना चाहिये और बस /वाहन चालक द्वारा किए गए यातायात उल्लंघनों की सूचना संबंधित अधिकारियों को देनी चाहिए।
- माता-पिता को स्कूल द्वारा आयोजित **PTM** में भाग लेना चाहिए तथा बच्चों के सुरक्षा संबंधी सभी पहलुओं पर चर्चा करनी चाहिए।
- यदि माता-पिता खुद ही अपने बच्चों को स्कूल छोड़ते व ले जाते हैं, तो भी उनको बच्चों की सुरक्षा के प्रति सतर्क होना चाहिए।
- माता-पिता यह भी सुनिश्चित कर लें कि उनके बच्चे छोटी उम्र में ही सुरक्षित तरीके से सड़क प्रयोग करने का तरीका सीखें। बच्चों को मूल सड़क सुरक्षा नियमों की शिक्षा देनी चाहिए जैसे कि सड़क पर चलने की विधि, सड़क पार करने का तरीका, बस में चढ़ने व उतरने का तरीका, इत्यादि।
- माता-पिता अपने नाबालिक बच्चों को वाहन न चलाने दें। बच्चों में एक अच्छे नागरिक व नियमों का पालन करने वाले सड़क उपयोगकर्ता बनने की आदत कम उम्र में ही डाली जानी चाहिए।
- बच्चे बड़े के व्यवहार व चाल-चलन को गौर करते हैं और उसी प्रकार आचरण करते हैं। इसलिए माता-पिता का यह कर्तव्य बनता है कि वे भी छोटे से छोटे नियम का पालन करें व अपने बच्चों के लिए उदाहरण बनें।

यातायात नियमों का पालन करें और हमारी सहायता करें।
हम आपकी सुरक्षित आवाजाही चाहते हैं।

GUIDELINES FOR PARENTS OF SCHOOL CHILDREN

- Parents are equally responsible for the safety of their children during school journeys.
- They must ensure that the mode of transport arranged by school or by themselves is absolutely safe.
- Parents must play the role of vigilant observers. They should note down violations committed by school buses and immediately report to the authorities.
- Parents must participate in Parent-Teacher Meetings and discuss the safety aspects of their children.
- While taking their children to school themselves, they should take proper care of their safety.
- Parents must ensure that the children acquire the right knowledge and skills for safe use of roads. They should teach their children the basic rules of the road, how to walk and cross the road, how to alight and board a bus, etc.
- Parents should not allow their minor children to drive.
- Parents must also ensure that the right attitude necessary for a law-abiding citizen is inculcated in their children from the very beginning.
- Children are very good observers and therefore, parents must set an example by meticulously observing even small traffic rules.

DELHI TRAFFIC POLICE

A two-wheeler has been designed to carry only two persons – the rider and the pillion rider. More than two persons riding on it can cause disbalance. Even at slow speeds, a slight jerk or a small speed breaker may result in disbalance and accident occurs even before one is able to take any decision. Even letting small children stand in front or carrying heavy luggage can cause disbalance resulting in massive disaster. Moreover, making children sit or stand in the gap in front of a scooter or sit on the petrol tank in front of the motorcycle, can be a cause of distraction for the person riding the vehicle, which also can prove fatal.

Remember, two-wheeler is neither a family vehicle nor a goods vehicle!

DELHI TRAFFIC POLICE

Dear Children,

Every day you go to the school to gain knowledge. But it is also important that you take care of yourself while on your way to school and back. Keep in mind the following safety rules and use them without fail.

Walking To School

- ⇒ Always walk on the footpath only. On roads with-out foot path,walk on the extreme right hand side of the roads. Do not be impatient on the road. Do not rush or run on the road.
- ⇒ Cross only at zebra crossings, traffic signals, sub-ways, foot-overbridges.
- ⇒ Where such facilities do not exist, look for a safe place to cross.
- ⇒ At the signal light, cross only on a clear signal If an inter section is controlled by a policeman,traffic warden or RSP cadet, cross only when he signals you to do so.
- ⇒ When crossing between vehicles parked on the side of the road remember that you are not visible to the moving traffic (because the parked vehicles may be higher than you).

- ⇒ Never cross a road at a corner, as the motorist taking the turn will not be able to see you on time.
- ⇒ Running across the road is a bad idea, as you may slip and fall.

Going By Bus

- ⇒ Leave home well in time, so that you won't have to run to catch the bus.
- ⇒ At bus stand, always follow queue. Board the bus only after it has come to proper stop, without rushing in or pushing others.
- ⇒ Do not board or alight at a bus stop other than those decided by the school. Never board and alight at a red light crossing or unauthorized bus stop.
- ⇒ Do not sit stand or travel on the foot board of the bus.
- ⇒ Do not put any part of your body outside a moving or stationary bus.
- ⇒ Always hold onto the hand-rail if standing in a moving bus, especially on sharp turns.
- ⇒ Always adhere to the bus safety rules.
- ⇒ While in the bus, shouting or making noise is definitely bad manners. Such behavior can also distract the driver.

Children, you are Precious.
Be careful while on road

- ⇒ Stop as you appear from behind the vehicle and look for a safe gap before crossing. Remember, drivers need plenty of time to see you and to slow down and stop the vehicle.
- ⇒ While crossing wide roads that have central islands, always cross to the central island, stop and cross when the next section is clear.
- ⇒ While crossing one-way streets, remember that the traffic will usually be moving in a number of lanes and at high speeds.
- ⇒ Do not cross unless all lanes are clear.
